

Big Data Engineering In details

From Beginner to Professional

Mostafa Alaa Mohamed

Senior Big Data Engineer

Email: mustafa.alaa.mohamed@gmail.com

Linkedin: Mostafa Alaa¹

¹Big Data & Analytics Department, Epam Systems

The Definitive Guide to Big Data Engineering Tasks

Table of Contents I

1 Course Outline and Goals

- Course Outline and Scope
- Course Goals
- How to take the Max benefits from this Course?
- Assignments and Labs

2 Introduction To Hadoop and Map-Reduce

- From DWH to Big Data
- Distributed Systems Concepts
- Hadoop Architecture
 - Storage
 - YARN
 - Hadoop I/O
 - Processing
- Map-Reduce
 - Map-Reduce Components
 - Word-Count Example
- Hive

3 Spark Framework

- Spark Basics
- Spark Programming using RDDs
 - Spark RDD
 - Spark Working With Key/Value Pairs
- Spark Datasets/Dataframe
 - Spark SQL
 - Dataframes/Datasets vs. RDDs
- Spark on Production
- Spark For Batch Processing
- Spark Streaming
- Spark using other Programming Languages
 - PySpsark for Python Geeks
 - RSpark for R Geeks
- Spark For Data Scientist
- Spark Graph Dataframe/Graphx
- Tuning your Spark Jobs

Table of Contents III

4 Real World Applications

- Big Data Development Life Cycle
- Template for ETL Application
- Template for QA
- Template for Streaming Applications
- Template for Machine Learning Applications

5 Appendix

- Appendix A- Shell Programming
- Appendix B- Java Programming
- Appendix C- Scala Programming
- Appendix D- SQL Programming
- Appendix E- Oozie Programming
- Appendix F- DWH Concepts
- Appendix G- Machine Learning Concepts Data Engineers
- Appendix H- Docker for Data Engineers

Course Outline and Goals

Introduction To Hadoop and Map-Reduce

Spark Framework

- Any Big Data solution working based distributed systems.

- Any Big Data solution working based distributed systems.
- What is distributed systems in brief?

- Any Big Data solution working based distributed systems.

- Any Big Data solution working based distributed systems.
- What is distributed systems in brief?

Spark Programming using RDDs

- Any Big Data solution working based distributed systems.

Spark Programming using RDDs

- Any Big Data solution working based distributed systems.
- What is distributed systems in brief?

Spark Programming using RDDs

- Any Big Data solution working based distributed systems.

Spark Programming using RDDs

- Any Big Data solution working based distributed systems.
- What is distributed systems in brief?

Spark Programming using RDDs

- Any Big Data solution working based distributed systems.

Spark Programming using RDDs

- Any Big Data solution working based distributed systems.
- What is distributed systems in brief?

- Any Big Data solution working based distributed systems.

- Any Big Data solution working based distributed systems.
- What is distributed systems in brief?

- Any Big Data solution working based distributed systems.

- Any Big Data solution working based distributed systems.
- What is distributed systems in brief?

- Any Big Data solution working based distributed systems.

- Any Big Data solution working based distributed systems.
- What is distributed systems in brief?

- Any Big Data solution working based distributed systems.

- Any Big Data solution working based distributed systems.
- What is distributed systems in brief?

- Any Big Data solution working based distributed systems.

- Any Big Data solution working based distributed systems.
- What is distributed systems in brief?

Spark For Batch Processing

- Any Big Data solution working based distributed systems.

Spark For Batch Processing

- Any Big Data solution working based distributed systems.
- What is distributed systems in brief?

- Any Big Data solution working based distributed systems.

- Any Big Data solution working based distributed systems.
- What is distributed systems in brief?

- Any Big Data solution working based distributed systems.

- Any Big Data solution working based distributed systems.
- What is distributed systems in brief?

- Any Big Data solution working based distributed systems.

- Any Big Data solution working based distributed systems.
- What is distributed systems in brief?

- Any Big Data solution working based distributed systems.

- Any Big Data solution working based distributed systems.
- What is distributed systems in brief?

Spark using other Programming Languages

- Any Big Data solution working based distributed systems.

Spark using other Programming Languages

- Any Big Data solution working based distributed systems.
- What is distributed systems in brief?

Spark using other Programming Languages

- Any Big Data solution working based distributed systems.

Spark using other Programming Languages

- Any Big Data solution working based distributed systems.
- What is distributed systems in brief?

Spark using other Programming Languages

- Any Big Data solution working based distributed systems.

Spark using other Programming Languages

- Any Big Data solution working based distributed systems.
- What is distributed systems in brief?

- Any Big Data solution working based distributed systems.

- Any Big Data solution working based distributed systems.
- What is distributed systems in brief?

- Any Big Data solution working based distributed systems.

- Any Big Data solution working based distributed systems.
- What is distributed systems in brief?

- Any Big Data solution working based distributed systems.

- Any Big Data solution working based distributed systems.
- What is distributed systems in brief?

Spark Graph Dataframe/Graphx

- Any Big Data solution working based distributed systems.

Spark Graph Dataframe/Graphx

- Any Big Data solution working based distributed systems.
- What is distributed systems in brief?

Spark Graph Dataframe/Graphx

- Any Big Data solution working based distributed systems.

Spark Graph Dataframe/Graphx

- Any Big Data solution working based distributed systems.
- What is distributed systems in brief?

Tuning your Spark Jobs

- Any Big Data solution working based distributed systems.

Tuning your Spark Jobs

- Any Big Data solution working based distributed systems.
- What is distributed systems in brief?

Tuning your Spark Jobs

- Any Big Data solution working based distributed systems.

Tuning your Spark Jobs

- Any Big Data solution working based distributed systems.
- What is distributed systems in brief?

Real World Applications

Appendix

- Any Big Data solution working based distributed systems.

- Any Big Data solution working based distributed systems.
- What is distributed systems in brief?

- Any Big Data solution working based distributed systems.

- Any Big Data solution working based distributed systems.
- What is distributed systems in brief?

- Any Big Data solution working based distributed systems.

- Any Big Data solution working based distributed systems.
- What is distributed systems in brief?

- Any Big Data solution working based distributed systems.

- Any Big Data solution working based distributed systems.
- What is distributed systems in brief?

- Any Big Data solution working based distributed systems.

- Any Big Data solution working based distributed systems.
- What is distributed systems in brief?

- Any Big Data solution working based distributed systems.

Appendix F- DWH Concepts

- Any Big Data solution working based distributed systems.
- What is distributed systems in brief?

- Any Big Data solution working based distributed systems.

- Any Big Data solution working based distributed systems.
- What is distributed systems in brief?

- Any Big Data solution working based distributed systems.

Appendix H- Docker for Data Engineers

- Any Big Data solution working based distributed systems.
- What is distributed systems in brief?
